

PEOPLE PROGRAMS

SHOOTING STAR RECOGNITION PROGRAM

Our internal recognition program to “catch” teammates, managers, and peers in other departments who are helping us achieve our goals. Any associate nominated as a Shooting Star will be recognized by their manager, and acknowledged through other sources such as team meetings, the internal On Demand Yammer page, and company newsletter. Catch A Shooting Star recipients will be placed in a month-end drawing for a \$25 gift card.

ON DEMAND SKILL STUDIO

The On Demand Skill Studio provides a framework of courses that can be used in combination with goal setting and associate development. Associates will begin with a “warm up”, continue to the “core” learning exercise followed by a Learning in “Action” to share with your Leader. We want you to take the time to exercise your mind and build your skills!

ON DEMAND TOWN HALLS

We hold regular town halls hosted by our Division President, Bill Hayden, who is joined by members of the leadership team and other presenters from the organization, to keep employees in the know about the company.

EMPLOYEE ENGAGEMENT COMMITTEE

No “forced fun” at CBRE | facilitysource! Our Employee Engagement Committee is focused on connecting and engaging our employees with each other, our organization, and our communities by providing opportunities to join through events and activities. This includes quarterly all-organization activities, events for different teams, and opportunities to partner with philanthropic organizations in Columbus, Phoenix, and across the country.
